

THE UNIVERSITY OF LIVERPOOL

ANNALS
OF
TROPICAL MEDICINE AND
PARASITOLOGY

ISSUED BY THE
LIVERPOOL SCHOOL OF TROPICAL MEDICINE

Edited by

PROFESSOR WARRINGTON YORKE, M.D., F.R.C.P., F.R.S.

PROFESSOR D. B. BLACKLOCK, M.D., D.P.H.

PROFESSOR W. S. PATTON, M.B.

PROFESSOR R. M. GORDON, M.D., Sc.D.

VOLUME 29

(April 25, 1935, to December 18, 1935)

With Frontispiece, four plates, two maps and one hundred and forty-two figures in text

LIVERPOOL :
THE UNIVERSITY PRESS OF LIVERPOOL

H. R. GRUBB, LTD.,
PRINTERS,
POPLAR WALK, CROYDON.

CONTENTS

No. 1. April 25, 1935

	PAGE
ADAMS, A. R. D. Trypanosomiasis of stock in Mauritius. I : <i>Trypanosoma vivax</i> , a parasite of local stock	1
PATTON, W. S. Studies on the higher Diptera of medical and veterinary importance : a revision of the genera of the subfamily Calliphorinae based on a comparative study of the male and female terminalia. The genus <i>Calliphora</i> Robineau- Desvoidy (sens. lat.) : A practical guide to the Australian species. (con.)	19
EVANS, A. M. ; and LEESON, H. S. The <i>funestus</i> series of <i>Anopheles</i> in Southern Rhodesia, with description of a new variety	33
SELLARDS, A. W. The interpretation of the incubation period of the virus of yellow fever in the mosquito (<i>Aedes aegypti</i>)	49
SELLARDS, A. W. The infection and immunization of mice by intraperitoneal and subcutaneous injection of the virus of yellow fever	55
LEESON, H. S. Another anopheline of the <i>funestus</i> series from Southern Rhodesia	69
PATTON, W. S. ; and WAINWRIGHT, C. J. The British species of the subfamily Sarcophaginae, with illustrations of the male and female terminalia	73
DE MEILLON, B. ; and EVANS, A. M. Two new anophelines from South Africa	91
JANCSÓ, N. VON ; and JANCSÓ, H. VON. The rôle of the natural defence forces in the evolution of the drug-resistance of trypanosomes. II : The rapid production of germanin-fast <i>T. brucei</i> strains in animals with paralyzed defence	95

CONTENTS

No. 2. July 17, 1935

	PAGE
HOARE, C. A. The endogenous development of the coccidia of the ferret, and the histopathological reaction of the infected intestinal villi... ..	111
DOSTROVSKY, A. The diagnostic value of <i>Leishmania vaccine</i>	123
DUKE, H. LYNDHURST Studies on the factors that may influence the transmission of the polymorphic trypanosomes by tsetse. IX : On the infectivity to <i>Glossina</i> of the trypanosome in the blood of the mammal	131
KLIGLER, I. J. ; and COMAROFF, R. Susceptibility and resistance to a trypanosome infection. IX : Active immunization of rats and guinea-pigs and passive immunization of rats to a trypanosome infection	145
SMART, J. The internal anatomy of the black-fly, <i>Simulium ornatum</i> Mg.	161
BUCK, A. DE Infection experiments with quartan malaria	171
GIBBINS, E. G. <i>Simulium griseicollis</i> Becker, from the Sudan	177
WOODLAND, W. N. F. A new species of Avitelline tape-worm, <i>Avitellina sandgroundi</i> , from <i>Hippotragus equinus</i>	185
PAPANTONAKIS, E. Observations on leishmaniasis in the district of Canea (Crete)	191
PATTON, W. S. Studies on the higher Diptera of medical and veterinary importance : a revision of the genera of the family Muscidae Testaceae Robineau-Desvoidy based on a comparative study of the male and female terminalia. The genera <i>Adichosia</i> Surcouf and <i>Auchmeromyia</i> Brauer and von Bergenstamm (sens. lat.)	199
STRANGEWAYS, WINIFRED I. Trypanocidal action of two arsenicals, K.324 and K.352, on infections in mice and rabbits	231
ADAMS, A. R. D. Studies on bilharzia in Mauritius. II : The recovery of adult <i>Schistosoma haematobium</i> after development in <i>Bulinus (Pyrgophysa) forskali</i>	255
BLACKLOCK, D. B. Screencloth for houses in the tropics	261
LOURIE, E. M. ; MURGATROYD, F. ; and YORKE, WARRINGTON Studies in Chemotherapy. XII : The diffusibility of the aromatic arsenicals into erythrocytes and the action of the latter on the pentavalent arsenicals	265

CONTENTS

No. 3. October 5, 1935

KUMM, H. W.	PAGE
The digestive mechanism of one of the West Indian 'eye gnats,' <i>Hippelates pallipes</i> Loew	283
PATTON, W. S.	
Studies on the higher Diptera of medical and veterinary importance : a revision of the species of the genus <i>Glossina</i> Wiedemann based on a comparative study of the male and female terminalia. (con.)	303
GIBBINS, E. G.	
On the male terminalia of Simuliidae	317
PAWAN, J. L.	
The preservation in the tropics of blood smears stained by the Romanowsky stain	327
BARBER, M. A. ; and RICE, J. B.	
Malaria studies in Greece : the malaria infection rate in nature and in the laboratory of certain species of <i>Anopheles</i> of East Macedonia	329
LOEWENTHAL, L. J. A.	
An inquiry into vitamin A deficiency among the population of Teso, Uganda, with special reference to school-children	349
ADAMS, A. R. D.	
A fourth case of human infestation with <i>Bertiella studeri</i> (Cestoda) in Mauritius	361
PATTON, W. S.	
A comparative study of the male and female terminalia of some species of the subfamily Tachininae	363
FOY, H. ; and KONDI, ATHENA	
Researches on blackwater fever in Greece. I : Introduction and history ...	383
FOY, H. ; and KONDI, ATHENA	
Researches on blackwater fever in Greece. II : A note on the action of Ehrlich's diazo-reagent on the unhaemolyzed serum of the rabbit... ..	395

CONTENTS

No. 4. December 18, 1935

CARR, H. P. ; MANDEKOS, A. ; and BARBER, M. A.	PAGE
Malaria studies in Greece : a survey of malaria morbidity in a region of East Macedonia	399
LOEWENTHAL, L. J. A.	
The manifestations of vitamin A deficiency in man	407
ROBERTS, J. I. ; and TONKING, H. D.	
Notes on an East African vesicant beetle, <i>Paederus crebripunctatus</i> Epp. ...	415
LOURIE, E. M.	
Studies on chemotherapy in bird malaria. IV : Failure to promote drug-resistance in <i>Plasmodium cathemerium</i> by prolonged administration of quinine or plasmochin	421
GORDON, R. M. ; and DAVEY, T. H.	
Oysters in Sierra Leone as potential carriers of enteric infection	435
GORDON, R. M. ; and DAVEY, T. H.	
The association of bacteriuria with blackwater fever in West Africa	439
KLIGLER, I. J. ; and BERMAN, M.	
Susceptibility and resistance to a trypanosome infection. X : Specific character of the immunity produced in rats by the injection of suspensions of dead trypanosomes	457
EVANS, A. M. ; and WALKER, G. R.	
Notes on Brazilian mosquitoes : species observed in the Amazon valley, and record of <i>Aedes albifasciatus</i> Macq. invading a ship in harbour	463
EVANS, A. M.	
Notes on anophelines. I : Description of <i>Anopheles marshalli</i> var. <i>gibbinsi</i> from Uganda. II : The characters of <i>A. maculipennis</i> var. <i>messeae</i> in Wirral, England	469
ADAMS, A. R. D.	
Trypanosomiasis of stock in Mauritius. II : Observations on the incidence and distribution of trypanosomiasis in cattle	475
PATTON, W. S.	
Studies on the higher Diptera of medical and veterinary importance : a revision of the species of the genus <i>Glossina</i> Wiedemann based on a comparative study of the male and female terminalia. (con.)	483
FOY, H. ; and KONDI, ATHENA	
Researches on blackwater fever in Greece. III : A new photo-nephelometric method for the quantitative estimation of minute amounts of quinine in faeces and body fluids	497
PATTON, W. S. ; and WAINWRIGHT, C. J.	
The British species of the subfamily Sarcophaginae, with illustrations of the male and female terminalia. (con.)	517
